

Marston's Meals Bring Flavor to Summer Concerts

Marston's brings a variety of delectable foods in a quick picnic meal, ready for those summer concerts or any occasion.

Recognized as the "Best Breakfast" restaurant in California by Food Network Magazine, Marston's already proves to be a delight when it comes to flavor. Chef and owner Jim McCarty creates top-notch meals full of taste and zest. With four concert meals varying in different foods, diners may find that a Marston's picnic meal is perfect any special evening.

For vegetarians, one picnic meal includes a fresh orzo salad with kalamata olives, basil, sun-dried tomato and spinach. There are also grilled eggplant, soft portobello mushrooms, and flavorful red peppers. An heirloom tomato and fresh mozzarella with pesto complete this offering.

In another meal, artichoke, goat cheese, and rich, kalamata olive-stuffed chicken breast are complemented with savory shell noodles and fresh mozzarella and spinach.

For those who love seafood, a succulent, pesto-roasted salmon is accompanied by an heirloom tomato and orange relish. To balance the deep flavor, a sun-dried tomato rice salad comes with grilled asparagus as the perfect vegetable fix.

Last but not least, the tender-

loin of beef with roasted garlic mayonnaise promises to deliver a mouthful of flavor. It is accompanied by balsamic-glazed mushrooms and rosemary-roasted potato salad.

All four meals are perfect for special evenings at Pasadena Pops, the Hollywood Bowl, Descanso Gardens concerts or performances by the California Philharmonic.

Each picnic meal is individually packed with a roll, dessert, bottled water and utensils. Other salads and menu items may be purchased.
